

# 2017 OVFA Conference

Hosted by  
Lebanon Fire District & Scio RFD

June 14-17, 2017  
Lebanon, Oregon

Best Western Boulder Falls Inn & Conference Center  
505 Mullins Drive  
Lebanon, Oregon 97355

To Our Valued Volunteer Firefighters,

It's that time of year, time to start considering what classes you need to take at the annual Oregon Volunteer Firefighters Association Training Conference. We hope to welcome many of you to the 59th annual Training Conference sponsored by the Oregon Volunteer Firefighters Association and co-hosted by Lebanon Fire and Scio RFD. We want to personally invite your department to send as many representatives as it can to this conference and to take advantage of the quality training opportunities offered in Lebanon this year. OVFA offers scholarship opportunities and tries to make it possible for anyone to attend conference if at all possible. OVFA Training Conferences are not just about the volunteer firefighters, bring your family to enjoy attractions in the area, attend the family bowling night event on Wednesday night, the vendor event on Thursday night and the awards banquet on Friday night.

OVFA is excited to introduce a new format for conference classes. Based on membership requests the classes are designed around fire certifications and EMS recertification hours. The goal on the fire training is to help complete certification over several conferences. These certifications are broke into several tracks including FFII, Apparatus Operator, and Company Officer.

To enhance this process, OVFA is projecting two years in advance which classes to offer for each track. These classes are going to coordinated with DPSST to reduce duplication of classes and present the greatest ability to complete classes and become certified in the appropriate skills. As always the conference offers several options for classes, including one, two, three or four-day classes. If you can't make it for the full conference, consider joining us for a one or two-day class.

Our vendor night will be Thursday evening; come by and meet with a wide selection of fire service vendors while you browse for bargains at the silent auction. All auction proceeds benefit the OVFA Relief Fund.

Join us Friday evening for OVFA's annual awards banquet where the Firefighter of the Year and Lifetime Achievement winners will be honored and the newly elected OVFA Board will be installed. OVFA is seeking new board members; please contact our staff at 503-378-0896 for more information. Not quite ready to become a board member? Consider getting to know the Association and learning how you can help as an OVFA Ambassador.

Throughout this process, OVFA members are the focus. Please continue to give your feedback and return the surveys that are sent out. OVFA counts on the results of these surveys to direct the conference and the classes offered. Thank you for your help and feedback.

Sincerely,

*Rex Parks*

REX PARKS SR, President OVFA  
Cloverdale Fire & Rescue

## Schedule of Events

### Wednesday, June 14

- 0730—1300 Registration open at Best Western Boulder Falls Conference Center  
Complimentary breakfast available at Best Western for hotel guests
- 0800—1700 Classes begin:  
\* High Angle Rope Rescue  
\* Pumper/Operator  
\* Alternative Fuel Vehicles
- 1800—2000 Welcome Event ~ Family Bowling at Linn Lanes  
2250 S. Main Road, Lebanon, Oregon 97355  
Bowling and food hosted by Lebanon Fire

### Thursday, June 15

- 0700—0800 Registration & Breakfast at Best Western Boulder Falls Conference Center
- 0730—0830 Opening Ceremonies & 1st OVFA Business Meeting
- 0900—1700 Classes begin
- 1700—2000 Vendor & Apparatus Show at Best Western Boulder Falls Conference Center  
(Silent Auction)
- 1800—1930 OVFA Past Presidents' Dinner

### Friday, June 16

- 0700—0800 Registration & Breakfast at Best Western Boulder Falls Conference Center
- 0730—0830 2nd OVFA Business Meeting
- 0900—1700 Classes continue
- 1830—2100 3rd OVFA Business Meeting, Banquet and Election & Installation of Officers

# Classes at a Glance

## One Day Classes

Alternative Fuel Vehicles (Wednesday)

Pre-Incident Survey/Foam Fire Streams (Thursday—included in FF II Track)

Grant Writing & Pediatric Emergencies (Thursday)

Building Construction Part I (Thursday: included in Fireground Leader/Fire Officer I Track)

Fire Prevention/Public Education/Fire Detection, Alarm, and Supply (Friday—included in FF II Track)

Fireground Operations Skill Review (Friday)

Scene Safety/Security & Intro to Penetrating Trauma (Saturday)

Construction Materials & Building Collapse/Hydrant Flow & Operability/Hose Tools & Appliances (Saturday—included in FF II Track)

## Two Day Classes

Leadership I (Friday & Saturday —included in Fireground Leader/Fire Officer I Track)

## Three Day Tracks

FF II Track—includes

- Pre-Incident Survey/Foam Fire Streams
- Fire Prevention/Public Education/Fire Detection Alarm & Detection Systems
- Construction Materials & Building Collapse/Hydrant Flow & Operability/Hose Tools & Appliances

Fireground Leader/Fire Officer I Track —includes

- Leadership I
- Building Construction Part I

## Four Day Class

High Angle Rope Rescue: (Wednesday-Saturday)

Pumper Operator: (Wednesday-Saturday)

## Conference Registration Rates At a Glance

Four-day conference—\$434.00

Three-day conference—\$343.00

Two-day conference—\$243.00

One-day conference—\$143.00

2017 Oregon Volunteer Firefighters Association

Annual Training Conference

## Welcome Bowling Event

Lebanon Oregon

***Location:***

**Linn Lanes Bowling Center**

2250 S Main Rd, Lebanon, OR 97355

# Class Descriptions

Wednesday	Thursday		Friday		Saturday		
June 14	June 15		June 16		June 17		
FF II Track							
N/A	Pre-Incident Survey	Foam Fire Streams	Fire Prevention/ Pub Ed	Fire Detection, Alarm, and Supply	Construction Materials & Building Collapse	Hydrant Flow & Operability	Hose Tools & Appliances
Apparatus Operator Track							
Pumper Operator							
Fireground Leader/Fire Officer I Track							
N/A	Building Construction for Fire Personnel Part I		Leadership I for Fire & EMS Strategies for Personal Success				
Rescue Track							
High Angle Rope Rescue							
Potpourri' Track (Non-DPSST Certified Classes)							
Alternative Fuel Vehicles	Grant Writing	Pediatric Emergencies	Fireground Operations Skill Review		Scene Safety and Security	Intro to Penetrating Trauma and Setting up a Casualty Collection Point	N/A
Fireground Leader/Fire Officer I Track							
These classes are intended to cover about one third of the requirements for Fireground Leader certification. Over the following years, the remaining classes will be offered to complete your requirements, with the intention of working towards Fire Officer I.							
Thursday Class: SFS 110 - Building Construction for Fire Personnel, Part I: Studies building construction with emphasis on how buildings fail when subjected to fire. Case studies used to illustrate points. Studies of roof and wall construction enable the student to predict failure points and adapt fire fighting strategies accordingly. Buildings under construction and those subjected to external forces will also be studied. Field trips take students into the community to study various construction techniques. <b>This class is certified and counts towards your Fireground Leader &amp; Fire Officer I certification.</b>							
Friday-Saturday Class: F0803 - Leadership I for Fire & EMS Strategies for Personal Success: This two-day course presents the company officer with the basic leadership skills and tools needed to perform effectively in the fire service environment. The course includes techniques and approaches to problem-solving, ways to identify and assess the needs of the company officer's subordinates, methods for running meetings effectively in the fire service environment, and decision making skills for the company officer. <b>This class is certified and counts towards your Fireground Leader &amp; Fire Officer I certification.</b>							

## Class Descriptions

FF II Track	
These classes are intended to cover about one third of the requirements for your FFII certification. Over the following two years, the remaining classes will be offered to complete your requirements for FFII.	
<u>Thursday Class: 17F045 NFPA FFII - Pre-Incident Survey:</u> This class provides criteria for developing pre-incident plans to help responders effectively manage emergencies so as to maximize protection for occupants, responding personnel, property, and the environment. <b>This class is certified and counts towards FFII certification.</b>	
<u>Thursday Class: 17F041 NFPA FFII - Foam Fire Streams:</u> This class covers the safe and effective use of Class A foams for manual structural fire fighting and protection. As well as for the control and extinguishment of flammable and combustible liquids fires in storage tanks and other locations involving the risk of spills of flammable liquids. <b>This class is certified and counts towards FFII certification.</b>	
<u>Friday Class: 17F046 NFPA FFII - Fire Prevention and Public Education:</u> This class covers the requirements relating to the organization and deployment of code enforcement, plan review, fire investigation, and public education operations to the public. <b>This class is certified and counts towards FFII certification.</b>	
<u>Friday Class: 17F042 NFPA FFII - Fire Detection, Alarm, and Supply:</u> This class covers the latest safety provisions to meet society's changing fire detection, signaling, and emergency communications demands. <b>This class is certified and counts towards FFII certification.</b>	
<u>Saturday Class: 17F035 NFPA FFII - Construction Materials &amp; Building Collapse:</u> This class promotes protection from fire and its associated hazards by defining types of building construction based on the combustibility and the fire resistance rating of their structural elements. <b>This class is certified and counts towards FFII certification.</b>	
<u>Saturday Class: 17F038 NFPA FFII - Hydrant Flow &amp; Operability:</u> This class provides guidance on fire flow tests and marking of hydrants in order to determine and indicate the relative available fire service water supply from hydrants and to identify possible deficiencies which could be corrected to ensure adequate fire flows as needed. <b>This class is certified and counts towards FFII certification.</b>	
<u>Saturday Class: 17F039 NFPA FFII - Hose Tools &amp; Appliances:</u> This class presents performance and operational requirements for fire hose appliances designed for connection to fire hose, fire apparatus, and fire hydrants, and intended for general fire service use in controlling or conveying water. <b>This class is certified and counts towards FFII certification.</b>	
Apparatus Operator Track	
Over the following years to come, this will be a series of classes. For 2018, OVFA will be offering Aerial Operator; and in 2019, Mobile Water Supply & Wildland Fire Apparatus.	
<u>Wednesday-Saturday Class: 17F048 NFPA Fire Apparatus Equipped with Fire Pump:</u> The Pumper Operator class requires approximately 32 hours of student contact time (depending on size of class), 20 hours of classroom and 12 hours of practical exercises. The course will cover Pump Construction and Operation I, Hydraulics I, and Water Supply, followed by 4 hours of practical exercises and then Pump Operation II, Hydraulics II, and Sprinklers, and Standpipes, followed by an additional 4 hours of practical. <b>This class is certified and counts towards Pumper Operator certification. Certification as Driver operator is required. Structural PPE is required for practical exercises.</b>	

## Class Descriptions

### Potpourri Track (Non-DPSST Certified Classes)

These classes are intended to cover various skills that are not directly applied to DPSST Certifications, but are still important skills to have.

Wednesday Class: Alternative Fuel Vehicles: The alternative fuel class will cover different types of alternative fuel vehicles. Hazards with alternative fuels and some examples of alternative fueled vehicles and their components.

Thursday Class: Grant Writing: Successful grant writing has become essential for fire department budget management and there are many grants and processes in applying. Many departments are not successful in getting awarded the grants due to the applying for a grant that does not fit their need or incorrect completion of the application. This class is designed to help you assess the correct grants that meet your needs and review the common mistakes made on applications. It is our hope to see your success rate increase with the knowledge and experience given in this class.

Thursday Class: Pediatric Emergencies: This class is designed to review childbirth, pediatric airway management, pediatric poisonings, and conduct a case review. **This class counts toward pediatric emergency hours for EMT re-certification.**

Friday Class: Fireground Operations Skill Review: This course will review Fireground skills that are often overlooked or have fallen into a rut. Our plan is to review the latest in Forcible Entry, Victim Search, and removal from ground level and upper floors, RIT equipment carried, and a basic RIT plan of action, Self Rescue, and Down Firefighter Rescue. **This class will count toward required re-certification hours for your FFI and FFII.**

Saturday Class: Scene Safety and Security: Today's modern firefighter is asked to deal with a wide range of situations. Often times the aspects of scene safety and personal security training go overlooked. This course is designed to give first responders additional tools for their own safety. **This class counts toward special considerations hours for EMT re-certification.**

Saturday Class: Introduction to Penetrating Trauma and Setting up a Casualty Collection Point: Every fire department needs an active threat response to deal with multiple casualties and a chaotic situation. This course will go over common wounding profiles, basic EMS, and how to build a collection area for processing casualties rapidly. **This class counts toward trauma hours for EMT re-certification.**

### Rescue Track

These classes are intended to cover various rescue-oriented skills and will rotate on an annual basis between Rope Rescue, Swift Water Rescue, Vehicle & Machinery Rescue, and FF RIT / Self Rescue.

Wednesday-Saturday Class: High Angle Rope Rescue: This course will train firefighters and emergency responders in the use of rope, rescue equipment, and mechanical advantage systems for high-angle rescue environments. This course is applicable for rescuers seeking to initially acquire these skills or to refresh and expand upon existing skills. **This class is certified and counts toward rope rescue certification.**

## **OVFA Looks to the Future!**

Please plan to join us at future OVFA training conferences.  
Proposed class offers being considered listed below.

### Proposed 2018 Conference Tracks

- FF II—Vehicle Rescue, Implementing ICS, Ignitable Liquids, Fire Cause & Origins, Fire Department Communications, Victim Search & Removal
- Apparatus Operator—Aerial Operator
- Fireground Leader / Fire Officer I —Emergency Service Delivery, Community & Government Relations
- Rescue Track—Swiftwater Rescue
- Mix—Recruitment & Retention, EMS Pediatrics, EMS Trauma

### Proposed 2019 Conference Tracks

- FF II—Pre-Incident Survey, Foam Fire Streams, Fire Prevention/Public Education, Fire Detection, Alarm & Detection Systems, Construction Materials & Building Collapse, Hydrant Flow & Operability, Hose Tools & Appliances
- Apparatus Operator—Mobile Water Supply, Wildland Fire Apparatus
- Fireground Leader / Fire Officer I—Leadership 2, Fire Behavior Pt. 1
- Rescue Track—Vehicle & Machinery Rescue Technician
- Mix—Planning for the Future, Fireground Operations Skill Review

## **Join us Thursday Night** **Annual Vendor & Apparatus Show.**

Fire Service vendors will be on hand to demonstrate and show off their latest equipment.

Again this year we will be combining our silent auction with the Vendor & Apparatus show. All proceeds will go to the OVFA Volunteer Relief Fund to help injured volunteers and their families.

And don't forget about the live auction held after the Banquet Friday evening. All proceeds go to the Oregon Burn Center. If you would like to contribute items to either auction, please bring them to the registration desk when you check in.

# 2017 OVFA Conference Registration Form

Four Day Conference: ☐\$434 for member

Three Day Conference ☐\$343 for members

Two Day Conference: ☐\$243 for members

One Day Conference ☐\$143 for members

**Non-OVFA members, add \$75.00 to registration cost**

☐\$35 Extra Banquet Meal for guest

**Please select the track or combination of classes you'd like to attend. Classes will be scheduled based on availability.**

## Tracks

- ☐ Firefighter II Track (Thurs/Fri/Sat)
- ☐ A/O Track (Wed/Thurs/Fri/Sat)
- ☐ High Angle Rope Rescue (Wed/Thurs/Fri/Sat)
- ☐ Fireground Leader/Fire Officer I Track (Thurs/Fri/Sat)
